

INSTRUCTIONS FOR INSTALLING THE LONG HAUL RUDDER FOOT CONTROL MOUNTING BOARD

Greetings!

Thank you for purchasing the Long Haul MK1, A-1 Rudder Pedal Assembly.

You can mount your foot control assembly directly to the keel of your new Mark 1 or choose to mount it forward or to the rear of rib # 3.

You may also wish to mount this mounting board to your keel. You may find it is easier to mount the foot control to it. The mounting board is designed to mount forward of rib # 3.

Pre-drill the (4) # 6 x 7/8" screws with a 7/64" drill bit.

If any questions arise, please don't hesitate to contact Long Haul.

Thank you,
Mark Eckhart (Owner)
